

# Polished Granite Impregnator

- Protects against Water & Oil spillages
- Long Lasting - Invisible coating
- Low Odour - No Volatile Solvents
- Easy to Use
- Contains Natural Plant Extracts
- **NEW Advanced Resin-Technology™**

A professional product for impregnating Polished Granite. With its New **Advanced Resin-Technology™** it produces an invisible, highly protective shield within and on the surface of the stone, helping to prevent staining from both water and oil based stains.

**Polished Granite Impregnator** will help prevent granite surfaces, from becoming stained by repelling daily dirt and grime, making cleaning and maintenance considerably easier, helping to prevent premature replacement.

**Polished Granite Impregnator** is particularly effective in kitchens, utility areas, bathrooms, shower rooms, dining rooms and all other areas where spillages may occur.

**COVERAGE:** Approx. 30-40 m<sup>2</sup> per litre.

**PRODUCT ADVICE:** Ensure under floor heating is turned off and allow floor to cool prior to application. Test product for any colour change in an inconspicuous area before use.

**DIRECTION FOR USE:** Invert container before use - The surface to be treated must be clean, free from any residues dust and dirt. If required, use Nu-Life's **Wax & Residue Remover** prior to application

Using a clean dry cloth, applicator, sponge, brush or roller, apply a thin, even coat 25-35 ml per litre over the area to be treated. When dry apply a second coat (more absorbent surfaces may require additional coats). Wait until most of the product has been absorbed, remove any excess with a clean dry cloth; buff up and polish areas with a clean cloth, removing any residue.

**DRYING TIME:** Product should be touch dry after 1-3 hours, and fully cured within 24-36 hours. Do not replace furniture for a minimum of 12 hours after applying.

**MAINTENANCE:** Maintenance of your granite should be undertaken at regular intervals using **Professional Granite Cleaner** or **Professional Care & Maintainer**.

For higher levels of hygiene use **Anti Bacterial Floor Cleaner**. For Kitchen worktops or surfaces, clean using **Anti-Bacterial Surface Cleaner**, and polish using **Granite Care Polish**.
